UX designer with 1+ years of experience in designing websites for local businesses. Specialized in visual design and information architecture. Creative problem solver who keeps users centered while ideating solutions. Looking for full-time roles to continue career growth in problem-solving through designing.

### WORK EXPERIENCE

#### Project 1: CineSnacks: Snack ordering app for movie theaters

Duration: 4 weeks

Tools Used: Figma, FigJam, Adobe Illustrator

- Conducted user research through surveys and interviews.
- Used ideation techniques like How Might We? & Crazy eights.
- Conducted competitive audit.
- User testing on low-fidelity prototypes to find out flaws in the early stage.
- Designed UI mockups and high-fidelity prototypes that clearly illustrate how the app function.
- A well-defined design system to easily hand over the project to the development team.

[Case Study](#)

#### Project 2: Flock: Flight Booking App

Duration: 2 months

Tools Used: Figma, Framer, ProtoPie

- Illustrate design ideas using mood boards, process flows, and sitemaps.
- Designed UI mockups and prototypes that clearly illustrate how the app function and look like.
- Adhere to style standards on fonts, colors, and images.
